Good morning everyone

After evaluating the lights in the back of buildings 2 and 3 R & T has been chosen to replace the lighting in these areas.

R & T informed me today that the fixtures will take approximately 1-2 weeks before they arrive. We apologize for the delay and understand that this is an important concern for all parties in building 2 and 3.

R & T will be addressing the other lighting issues in the near future.

Thank you.

Connie Garland
