Good morning everyone

MNM Maintenance will be returning to the property on Saturday the 10th at 9:00am to finish with the snow removal clean up. Please make sure to move your vehicle into a cleared area.

The board would like to announce that we have a new towing company.

Above All Collision is located on 3 Industrial Park Drive in Concord. Their number is (603) 224-6065. If you do not move your vehicle for snow you run the risk of having your vehicle towed.

Please know that we are not towing vehicles to make things unpleasant for the residents at Oak Bridge. This is a safety issue. Many cars did not move for snow during the last snowstorm causing slick areas throughout the property.

If you have any questions please call Connie Garland at (603) 429-2019 ext. 338.

thank you.
