Good morning everyone

Please note that the towing charge for Above All Collision is \$185/tow and a \$65/day storage fee.

The snow removal policy has not changed this year. In order to clear the parking lots we need to have the vehicles moved the day after the storm by 9:00am.

Unfortunately if you do not move your vehicle we have no choice but to remove it from the property. The snow contractor cannot afford to service the property if we do not cooperate with the policy set. The insurance liability is too great.

We hope you understand why we have to insist that you move your vehicle in a timely manner.

Thank you.
