Good afternoon everyone

Mike Joy from Mill City Energy and his team are at the property today and will be there for the next few days with a supply of light bulbs and water savers for those of you that have not received them. Mike let me know yesterday that once they have made the first round of visits that they will drop off a note at your door with a contact number.

The weather report on Saturday is calling for snow. Please make sure to help with the final snow removal process on Sunday and move your vehicle when you see the plow. Mark generally starts clearing the lots at between 8:00am and 9:00am.

If you have any questions please let me know

Connie Garland
