Good afternoon everyone

As you may or may not know it was not that long ago when a small child was killed in a parking lot right in Concord.

Unfortunately we do not have areas here at the property to bike ride, skateboard or rollerblade.

These activities need to off the property. The parking lots and roadways are constantly in use at the property.

We ask that if you are an owner that rent out your property to have a discussion with your tenant about this.

Thank you in advance.

Connie Garland
Property Manager
