The Board is pleased to offer all residents the ability to access our Oak Bridge website from a computer located in the Club House Library. The website contains all legal documents, informational notices, Annual Meeting presentations and minutes, monthly financials, monthly Board minutes and all emails sent from 1/1/2012 - and more! This computer does not have Internet access, so Internet links will not be available. This computer does not have a printer.

The computer is donated and maintained by Chris Connor, BOD, Treasurer. We hope you enjoy this addition to our Library and Association. Now all residents of Oak Bridge can view the website at anytime in our comfortable Library.
