Good afternoon everyone

For all of you that are disposing of your pet waste properly we would like to take this time to thank you for making the property a pleasant place to live.

We have been experiencing bags of pet waste on the ground inside the trash gates. Apparently residents are throwing bags over the top of the surround missing the dumpster. We would like to remind you that if this continues and we determine who is doing this we will have no choice but to require that the dog be removed from the property and a \$250.00 fine will be charged. If you are a landlord that allows dogs please forward this information to your tenant.

At this time we would like to inform everyone that someone has damaged the computer and it is not up and running at this time. It is unclear at this time if we will offer this again.
