Good morning everyone

We continue to have vehicles that are not either registered with the association or are visitors parking in assigned spaces reserved for residents that do not have a garage space.

A blue Chevy vehicle with the plate 393 6258 parked in space #39 last night. Please be advised if the vehicle is seen on the property again it will be towed. If you have someone visit you please ask when they come to your unit where they have parked.

Thank you

Connie Garland
