Good afternoon everyone

The new intercom system has been installed in buildings 2 and 3. Management will be dropping off instructions at each door on how to operate the system. If you need to change a name or phone number you need to contact me and i will make the change the next time i am at the property.

We would also like to let everyone know that Collins Tree Service will be at the property weather permitting on June 29th or approximately 5 days. Please be aware of their location starting this day.

We would also like to remind those parents with children that they need to supervise them while they are outside. Children should not be in the common roadways or in the parking lots for safety reasons. We will be cutting several trees in the mulch area behind the clubhouse. This will open up the area for children to play in this area versus right in front of the first floor sliders.

The front entry and the area by the dumpster between 3 and 4 will start on Monday the 27th with a rain date of the 28th.

Because of all of the work being done outside we ask that parents take special care with supervising the children this summer.

If you have any questions or concerns please call me at (603) 429-2019 ext. 338 or email me cgarland@harvardmanagement.com

Thank you.
