Halloween - For the 2nd year we will not be opening up the buildings here at OakB for public Trick-or-Treating due to past damage and theft. Trick-or-Treating is welcome inside buildings for our residents. Just put a sign on your door - "Trick-or-Treaters Welcome".

Pool Heater - Our recent repairs to the pool heater were insufficient. The heater is no longer functional. It may take 2-4 weeks to replace the heater. Swimming is allowed but water will be cold.

We would also like to remind all of the residents that deck and patios will be inspected this week. If you are new and have any questions on what can and cannot be placed on the patios and decks please contact me at cgarland@harvardmanagement.com.

Thank you for your patience.

Connie Garland
