Good afternoon everyone

Management was at the property from 8:30am today until just after 10:00am. It appeared that many of you moved your vehicles off the property however we still have more work to do with getting the rest of them off site.

Management posted another clarification notice at each of the stairwells of the buildings. Due to the towing company's schedule they may not be available to tow, however the board has implemented a \$250.00 fine for each vehicle that is not moved off the property by the 9:00am time frame.

Management will be at the property the day after the storm and will be driving throughout the property noting vehicles that are still in the lot.

We still continue to have guests parking in the numbered spots over at the clubhouse. We have no choice but to tow without further notice so please let your guest know that not all of the spaces in front of the clubhouse are visitor spaces. The spaces that are numbers are NOT guest spaces.

Trash - please know that the expense line for trash removal increases each year because residents continue to put furniture and other items that the city will not pick up.

The city will not pick up Christmas trees. Please make sure to take them off of the property in a timely manner and not store them on your patio or decks.

We also want to remind all of you that you are responsible for clearing snow off your patios and decks.

If you have any questions please call Connie Garland @ 429-2019 ext 338 or email cgarland@harvardmanagement.com

thank you.
