Good afternoon everyone

Hydrant flushing will begin in Concord on Monday April 17th. For a complete schedule please see to www.concordnh.gov/springoperations for more detail.

Now that spring has finally arrived please make sure to pay special attention to your patios and decks. All shovels need to be removed and any items that are not compliant with the patio/deck policy. Please store your brooms inside and not on the patio/deck.

Kevin Provencher has signed on with us to complete the cat walks in the attics this year. Once this is done we will move on to having the dryer vents cleaned.

We have also contracted with R & T Electric to have a new underground line installed for building 3's garage door. We apologize for the delay and hope to have this resolved within the next week or two.

As you may already know the Evergreen-Harvard Group combined offices and the final move was made to the [17 Commerce Drive Bedford, NH 03110](http://17.Commerce.Drive.Bedford.NH.03110) location.

If you have anything you wish to bring to my attention please email me at: cgarland@harvardmanagement.com. I will email my new email address to everyone when it changes to the new company name.

Thank you.

Connie Garland
Property Manager
