Good afternoon again everyone

I apologize for the numerous emails over the past few days.

Building 3 is the only building that will have the water shut off. I will be dropping off reminders later today to each unit.

Thank you
Connie

Good afternoon again everyone

I was a bit over zealous with the water shut off notification earlier today. I mistakenly hit the wrong button. The issue is only in building 3 not anywhere else.

If you have any concerns please call my office (603) 622-7000 ext 3380 or email me directly
