Good Morning Owners/Tenants,

As you know, the parking here at OakB will be an issue through the month of Oct. and B3 construction. The Board wants to thank all those community members who went above and beyond during this stressful time. Many gave up their spaces to others who were displaced. We were successful accommodating many of the needier.

We have noticed many people finding unique parking nooks on property – not blocking others and not parking on the grass or in fire lanes. We applaud your ingenuity.

We have been tagging all cars without valid parking stickers. We desperately do not want to tow unstickered vehicles but we may have no choice now that construction is in full gear. Please tell your visitors that they may be towed if parked on campus after 5PM. Off site parking is available on all adjacent city streets. Thank you for parking in your assigned spaces. Please do not park in someone else's outside parking space. Remember all vehicles on property must be road legal to drive.

We have noticed children loitering around the construction area and have spoken to them when seen. Please do not let your children anywhere near the B3 construction area or enter B3 garage space. This is a dangerous area and we do not want curious children to end up with injuries.

Again – thank you to all community members for your generous cooperation, understanding and patience. If you have any questions during this project, please email the Board at OakBridgeNH@hotmail.com or call Helen at (603) 856-5925. [Hope to see many owners at the Annual Meeting on Oct. 26th from 6-8:00PM across the street at the Church of Christ.](#) Remember this is an OWNERS ONLY meeting.

Regards,  
Board of Directors
