Good Afternoon,

This is a reminder regarding snow removal. It is now 2 days after the Christmas snow storm and there are many, many parking spots that are still filled with snow. Our snow removal company has been here twice to clear the lots since this storm.

After each storm you need to clean off your vehicle and **MOVE IT TO A PLOWED SPOT UNTIL YOUR SPOT IS CLEANED.**

Just cleaning off your vehicle and leaving it or moving it to an unplowed spot prohibits our plow company from removing snow off our lots.

You will assume all liability for any slip/fall incidence that occurs if the snow around where your vehicle is parked causes any issues.

The attached vehicles are not registered with the Association and all but one are illegally parked in a "P"ermit or numbered spot. If you know who owns these vehicles – please have them moved to visitor lot and shovel out your numbered spot.

We are taking pictures. We are fining. We are towing. BEWARE!
