Good Afternoon!

Just a quick update from the Board. The pool area will be closed Wednesday 1/24 all morning. The pool will be cleaned and hot tub drained, cleaned and refilled.

The hot tub will be ready to use by Thursday 1/25 late morning after coming up to temp. and chemicals balanced.

Many buzzer numbers were recently updated at all buildings. Please take a few minutes to check that your buzzer number is correct. REPLY to this email with your unit + buzzer number if it is incorrect. The board will make these corrections.

Please be careful walking around on the lots. The ice melt buckets were refilled today. Sand/salt was spread on the driveways and walkways. This is the worse type of weather with wet + freezing. If you see a slippery spot – please use the ice melt on it to keep it safe for all residents and visitors.

Thank you, BOD
