**Subject:** Morning Water Disruption - Friday, April 13 - All Buildings

Good Afternoon,

Next Friday, April 9th beginning at 8:00AM, there will be intermittent water disruption in all buildings as the City of Concord does their annual backflow testing of our water lines. We will start at building 1, doing one building at a time. The test takes approximately 15-20 minutes. Each building's water main line is shut off to do this testing.

Please plan ahead.

Regards, BOD
