Afternoon,

The exit door above B3 garage leading to the grass is now available for use. Please be careful as the grass is still very slippery.

The exit door above B3 garage leading to the driveway is broken and does not close well. A sign will be posted to PLEASE be careful using this door as it now scrapes at the bottom. Make sure the door closes as we will be heating Mother Nature if the door remains open.

Parts are on order to fix the broken door but will not be in for approximately a week.

PLEASE BE CAREFUL USING THE BROKEN DOOR!!
please do.

If you can avoid using the broken door –

Enjoy the weekend,
BOD
