

## Sunday Storm - Plowing Reminder

OakBridge Board  
Fri 1/18/2019, 9:56 PM  
To: OakBridge Board ↗

Good Evening,

This email is being sent to all owners and residents at Oak Bridge.

With the first large storm of this winter season approaching, the board and management company want to remind you to make sure you review our snow plowing procedures.

As of today, it looks like the Sunday storm will be over by Sunday evening so final storm clean-up will be Monday morning. Please have your vehicle cleaned and moved off the outside lot by 9AM per snow plowing procedure so final clean-up can occur.

If your vehicle is missing because you did not move for plowing, please contact:

*Above All Collision M-F 8AM-5PM 603-224-6065*

*After Hours 603-520-8936*

*\$200 tow and first 24hrs. - \$85/day storage*

Any snow ring left at an outside numbered spot will indicate you did not move your vehicle until after plowing. Please see #2 Compliance rule where the first fine starts at \$25.00.

Moving your vehicle for plowing is an important safety issue for all residents. The board has been lenient to-date as snowfall has been under 3 inches per storm.

Please take this warning seriously.

Regards,

Board of Directors

Bishop Real Estate Management
