Good Evening,

This letter is being sent to all Oak Bridge owners and residents.

Attached please find the Doggie DNA Announcement detailed letter. It contains very specific information for all dog owners at Oak Bridge. This is a MANDATORY program.

The second attachment is a form all owners must sign and return if you do not have a dog residing in your Oak Bridge unit.

The third attachment highlights the change to our #13 Pet Policy rule as approved by the Board.

PLEASE READ ALL ATTACHMENTS CAREFULLY!

Within the next few weeks, a paper copy of all attachments will be dropped at each owner-occupied unit door or will be PO mailed to each owner who lives off property.

This is an important and major program being implemented here at Oak Bridge. We ask for your full co-operation to implement this program.

Regards,

Board of Directors
