Good Evening,

Just a reminder! The City water department will be here Tomorrow, FRIDAY APRIL 5, from 9:00 AM to approx. 12PM to complete the State required back flow testing of our water supply equipment.

BEWARE: There will be short periods of time when the water will be shut off in the buildings for this testing, usually only a maximum of 30 minutes per building.

Doggie DNA - Thank you for all the positive feedback on electing to go with the DNA testing for dogs. The Board continually is trying to make Oak Bridge the best community to live. There are still some dog owners that have not responded to the call to make an appointment. If you have not responded yet or have not received a call, please call Helen at 603.856.5925 to make your appointment.

Remember, if you are a unit owner with a dog in your unit, either yours or your tenant's, this is a mandatory program!

Thank you for your patience and co-operation in this matter. Happy spring!

Regards,

Board of Directors
