Good Morning,

The card reader at B2 garage door was found on the ground and is not functioning. The garage door has been left in an open state.

The appropriate vendor has been notified and we are awaiting confirmation of date/time to repair the card reader.

It is always recommended you lock your vehicle and put all valuables in your vehicle out of site as the garage area is a semi-public area.

Any questions, please call Bishop Real Estate Management at 880-6464.

Regards,
Board of Directors
