Good Morning,

This email is being sent to all OakB owners and residents.

The organization we donated our old bikes to did not pick up the bikes last Friday as scheduled. They will not be returning to do so. We thank all those who moved their bikes from the racks and we apologize for all the energy wasted in moving your bikes.

We will be slowly trashing any old bikes that are visibly not useable; bikes with both tires flat, bikes without seats, bikes that look like they haven't been ridden in years, etc.

You may return your bikes back to the racks anytime to make sure they are not being stored on your patio, deck or on common area grounds.

REMEMBER: There is **NO** bike riding, skateboarding, roller blading, etc. on any OakB pavement. We have had 2 children hit in our lots and 1 child was killed on their bike in a Concord condominium complex a few years back.

Thank you to all who moved your bikes – is was greatly appreciated.

Regards,

Board of Directors
