Good Morning B3 Owners and Residents,

**PLEASE COMPLETELY READ THIS IMPORTANT MESSAGE!**

The new B3 garage door card reader was finally completed this morning. Unfortunately and unknown to management and the board, this card reader is a newer model and is not compatible with your current garage cards. The new garage cards arrived today and were programmed into the reader this AM.

On this coming **MONDAY, DECEMBER 16, from 4-8PM**; there will be a B3 garage card swap located in the club house library. This is a **MANDATORY** card swap as your old garage cards will NOT work with this new card reader, hence the garage door remaining open.

We will swap you card-for-card. Please bring in your old garage cards on this date/time for a new card. You will not be given a new garage card without bringing in your old garage card to swap. New garage cards can be purchased at this time for \$25, cash or check (no credit cards accepted).

If you cannot make this card swap date/time, you will be called to make an appointment for another time. After 8PM Monday, the garage door will be re-activated. If you do not swap your old garage card for a new one, you will not be able to open the garage door from the card reader using your old card. You can always get into the garage through the pedestrian door using your building key.

We will not tape new garage cards to unit doors for safety reasons.

We thank you for your understanding, patience and cooperation in swapping in your garage card(s). Please call Shelley at Bishop REM 880-6464 if you have any questions or concerns.

Regards,  
Board of Directors
