Good Morning B1 Owners and Residents,

It is with great pleasure to announce that extensive work will begin in your building in Jan. and Feb. The 2 building entrances will have the wallpaper stripped and walls painted up to and including the second-floor landing starting approx. Jan. 13.

Starting approx. Feb 1, the entire building will have new carpet and padding installed. Old carpeting and padding will be removed EXCEPT for the entrance landing black all-weather carpeting, which is still in good shape and does not need to be replaced.

Your building will be the first on property to have new carpeting throughout the entire building.

Look for another email update when it gets close to the carpet replacement date. Of course, we will send out an update should anything significantly change.

Regards,

Board of Director
