To Building 3 Owners and Residents,

Reports of dog poop being left on the ground around B3 are becoming more frequent in the past 3 weeks. The fine structure in the Rules and Regs regarding not picking up after your dog, starts as a \$100 plus cost of testing and replacing the test kit, totaling \$193.95. Fines double with each offense.

Dog ownership at Oak Bridge is a privilege – not a right. **PICK UP AFTER YOUR DOG!** You are living in a community that is also your home. Take pride in where you live.

THANK YOU to all who are reporting the dog poop when seen. Your confidential emails are welcomed by the Board and management. Keep them coming! Only by working together can we stop this rude behavior.

It Takes a Village,
Board of Directors
