

Dear Resident;

Re: Parking Stickers

Enclosed, you will find your newly assigned parking permit(s) for your vehicle(s) currently registered with the Condominium Association. This sticker should be placed on the inside of your rear window on the driver's side.

Remember, if you buy a new vehicle, please send us the new registration information. Please mail it to me at the Harvard Management Solutions P.O. Box 2019 Merrimack, NH 03054 attention Connie Garland.

All vehicles need to be registered with the association and have parking stickers displayed on the rear view window on the driver's side and not on the windshield or passenger windows.

Sincerely,

Connie Garland for

Oak Bridge Condominium Association
