Good afternoon everyone

On behalf of the Board of Directors and management we would like to remind you of the policies at the property.

Recently a child was hit by a car at the property. The child was on a bike riding in the roadway/lot area. We would like to remind everyone that if you are using a bicycle or scooter they cannot be ridden in the lots. Anyone riding a bike or scooter must ride on the right side of the road and off the property and ride the bike or scooter off the property onto the city streets.

There are signs at the property that prohibit skateboarding.

We have had issues with children congregating at the entryway to the property. This is not only dangerous it is a potential accident waiting to happen. There are areas in the back of the buildings and by the tree area behind the clubhouse where residents can congregate.

Spring is almost here so please work on cleaning up your patios and decks.

With spring comes a changeover of tenants and owners. New vehicles are purchased. If you purchase a new vehicle a parking sticker will only be given to you if you provide an updated 2017 unit information form along with a copy of your NH registration for that vehicle.

Building 3 will be getting a new card reader for the garage this week. Management will drop off one card per unit at each door.

If you have any questions please contact me at cgarland@harvardmanagement.com
