Good Evening,

This email is being sent to all owners and residents of buildings 2 + 3.

We are pleased to report the carpet in the stairways of buildings 2 + 3 is scheduled to be replaced beginning the week of Feb. 4, 2019.

The process will be to block off 1 stairway at a time – taking approx. 2 days to rip up what is there, repair the stairway if needed and 2 days to install new padding and carpet. It is at the discretion of the vendor which building will be addressed first as all stairways in B2+B3 will be re-carpeted. The 2 soiled sections on third floor of B2 will be addressed at this time.

Each week another stairway will be worked so 2 stairways will always be open at any given time. **DO NOT USE** a stairway if it is blocked off or if you see it is being worked. You will assume responsibility for any issue if you use a stairway where there is construction..

We are very excited for this upgrade in carpeting. Hallway carpeting will be addressed at a later date.

Thank you for your co-operation during construction.

Regards,

Board of Directors
