Good Morning,

This email is being sent to all owners and tenants at Oak Bridge.

The very expensive repairs and resurfacing of our pavement this spring looks amazing! This periodic maintenance not only makes the property look great, it increases the curb appeal of the complex and the value of every unit.

Unfortunately, we've had 3 incidents of vandalism on our new pavement. Chalk drawings!

Our new pavement is NOT a blackboard. Please DO NOT allow your children to draw on the new pavement, regardless if the chalk used washes off.

If anyone sees individuals drawing on our new pavement, please report this immediately to the Board. If possible, snap a picture of this activity and send it along so we can identify the offending unit.

Messy and inappropriate chalk drawings greatly detract from the quality and appearance of our property. Rolf Park is located about a mile down the road to the right. Garrison and Kimball parks are located about 2-3 miles down the road to the left. These are wonderful parks for kids to play, free to the public. All you need is an ID that shows you live in Concord. Attached in the 2019 Parks and Recs Summer/Fall Brochure for our information.

Thank you for immediately addressing this with your children.

Regards,

Board of Directors
