Good Morning B1 Owners and Tenants,

Our carpet vendor just called to ask to have their start date to re-carpet B1 pushed out to Monday March 9. This will give them time to finish their current work load so they can dedicate an entire crew to work in building 1 without interruption.

As carpet replacement is not an emergency, the board agreed this makes the most sense.

If you have any questions, please call Bishop REM at 880-6464.

Regards,
BOD
