Good Afternoon B3 Owners and Residents,

We are continuing to address the state of building 3's boilers and hot water system, parts of which are over 20 years old.

Next Thursday, March 19, from approximately 6AM to 6PM, both hot water tanks and corroded fixings to these tanks will be replaced. This means there will be **NO HOT WATER** in the building while repairs are being made.

The cold water and heat will NOT be affected. There are hot showers in the club house open from 6AM to 9PM each day. Once the hot water comes back on, there may be air pockets in your hot water pipes which will go away as you run the hot water.

We thank you for your co-operation and patience during these necessary repairs. If you have any questions, please call Shelley at Bishop REM 880-6464.

Regards,  
Board of Directors
