Good Afternoon B2 Owners and Residents,

We regret to have to inform you we have two leaks in building 2 on the first floor that require repairs. Unfortunately, to accomplish these repairs, the hot water system must be drained in the entire building.

We were just notified that this Friday, 10/9 from 8AM to approx. 12PM your building will be without heat and hot water so these repairs can be made. It may be necessary to shut off ALL the water in the building for a period to make these repairs, but this will be a last resort.

The good news is the club house has bathroom and shower facilities and is open at 6AM.

We are sorry for any inconvenience this may cause you and thank you for your co-operation.

Regards,
Board of Directors
