## PooPrints - Doggie DNA Program UNIT WITH NO DOG FORM

March 25, 2019

Dear Oak Bridge Owner,

An email was sent to all owners and residents on March 25, 2019, regarding the new PooPrint Doggie DNA program commencing on May 15, 2019. On your latest unit form on file, you indicated that you did not have any dogs.

If this is the case, simply sign and return this letter within five (5) business days, indicating that: you still do not have a dog(s) and that if you decide to have a dog(s) - you will bring the pet(s) in within 48 hours to proceed with the new pet policy requiring mandatory DNA collection.

If you have acquired a dog(s) since you moved in, you are required to contact us within five (5) business days to make an appointment for the mandatory DNA collection. Failure to do so will result in a \$150 fine per dog and possible further proceedings in accordance with the new pet policy.

**YOU MUST DO ONE OR THE OTHER: EITHER SIGN AND RETURN THIS FORM OR CONTACT US FOR AN APPOINTMENT WITHIN FIVE (5) BUSINESS DAYS** to register your new dog with our DNA program.

Thank you for your cooperation and understanding in our attempts to keep our community clean and sanitary for our residents. The Board drop box, located on the right wall of the mail hut. is available 24 hours a day for a speedy return of this form.

If you have any questions, please do not hesitate to contact us at 880-6464.

Sincerely,  
Bishop Real Estate Management, [BishopREM@hotmail.com](mailto:BishopREM@hotmail.com)

---

I/we, the owner(s) of unit \_\_\_\_\_ at Oak Bridge Condos, understand the new pet policies in its entirety. By signing below, we are stating that we or our tenant(s) have not acquired a dog(s) since the date and contents of our last unit form on file, and if we do acquire a dog(s) hereafter, we will contact Bishop Real Estate Management within 48 hours to make an appointment for the mandatory DNA collection. We understand we would be responsible for the pet DNA testing cost of \$70 per dog made payable to Oak Bridge Condo Association one or before actual dog DNA testing.
